INVESTOR UPDATE

December 16, 2020

DISCLAIMER

This presentation is provided for informational purposes only to assist interested parties in evaluating a potential business combination (the “proposed business combination”) between CarLotz, Inc. (“CarLotz”) and Acamar Partners Acquisition Corp. (“Acamar Partners”) and related transactions and for no other purpose. No representations or warranties, express or implied are given in, or in respect of, this presentation. To the fullest extent permitted by law, in no circumstances will CarLotz, Acamar Partners or any of their respective subsidiaries, stockholders, affiliates, representatives, partners, directors, officers, employees, advisers or agents be responsible or liable for any direct, indirect or consequential loss or loss of profit arising from the use of this presentation, its contents, its omissions, reliance on the information contained within it, or on opinions communicated in relation thereto or otherwise arising in connection therewith. Industry and market data used in this presentation have been obtained from third-party industry publications and sources as well as from research reports prepared for other purposes. Neither CarLotz nor Acamar Partners has independently verified the data obtained from these sources and cannot assure you of the data’s accuracy or completeness. This data is subject to change. In addition, this presentation does not purport to be all-inclusive or to contain all of the information that may be required to make a full analysis of CarLotz or the proposed business combination. Viewers of this presentation should each make their own evaluation of CarLotz and of the relevance and adequacy of the information and should make such other investigations as they deem necessary.

Forward Looking Statements

Information in this presentation represents current expectations relating to transaction structure and is subject to further discussion and negotiation of definitive documentation in its entirety.

This presentation includes “forward-looking statements” within the meaning of the “safe harbor” provisions of the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking statements may be identified by the use of words such as “estimate,” “plan,” “project,” “forecast,” “intend,” “will,” “expect,” “anticipate,” “believe,” “seek,” “target” or other similar expressions that predict or indicate future events or trends or that are not statements of historical matters. These forward-looking statements include, but are not limited to, statements regarding estimates and forecasts of financial and performance metrics, projections of market opportunity and market share, expectations and timing related to commercial product launches, potential benefits of the transaction and the potential success of CarLotz’ strategy, and expectations related to the terms and timing of the transaction. These statements are based on various assumptions, whether or not identified in this presentation, and on the current expectations of CarLotz’ and Acamar Partners’ management and are not predictions of actual performance. These forward-looking statements are provided for illustrative purposes only and are not intended to serve, and must not be relied on by any investor, as a guarantee, assurance, prediction or definitive statement of fact or probability. Actual events and circumstances are difficult or impossible to predict and will differ from the underlying assumptions. Many actual events and circumstances are beyond the control of CarLotz and Acamar Partners. These forward-looking statements are subject to a number of risks and uncertainties, including: (i) changes in business, market, financial, political and legal conditions; (ii) the inability of the parties to successfully or timely consummate the proposed business combination, including the risk that any required regulatory approvals are not obtained, are delayed or are subject to unanticipated conditions that could adversely affect the combined company or the expected benefits of the proposed business combination or that the approval of the stockholders of Acamar Partners or CarLotz is not obtained; (iii) failure to realize the anticipated benefits of the proposed business combination; (iv) risks relating to the uncertainty of the projected financial information with respect to CarLotz; (v) risks related to CarLotz’ business and the timing of projected business milestones; (vi) the effects of competition on CarLotz’ future business; (vii) the impact of the Covid-19 pandemic or future outbreaks of a similar nature on the business and operations of CarLotz; (viii) the number of redemption requests made by Acamar Partners’ public stockholders; (ix) the ability of Acamar Partners or the combined company to issue equity or equity-linked securities in connection with the proposed business combination or in the future, and those factors discussed in documents of Acamar Partners filed on or prior to the date of this presentation, or to be filed, with the Securities and Exchange Commission (“SEC”). If any of these risks materialize or our assumptions prove incorrect, actual results could differ materially from the results implied by these forward-looking statements. There may be additional risks that neither Acamar Partners nor CarLotz presently know or that Acamar Partners and CarLotz currently believe are immaterial that could also cause actual results to differ from those contained in the forward-looking statements. In addition, forward-looking statements reflect Acamar Partners’ and CarLotz’ expectations, plans or forecasts of future events and views as of the date of this presentation. Acamar Partners and CarLotz anticipate that subsequent events and developments will cause Acamar Partners’ and CarLotz’ assessments to change. However, while Acamar Partners and CarLotz may elect to update these forward-looking statements in the future, each of Acamar Partners and CarLotz specifically disclaims any obligation to do so. These forward-looking statements should not be relied upon as representing Acamar Partners’ and CarLotz’ assessments as of any date subsequent to the date of this presentation. Accordingly, you should not place undue reliance on the forward-looking statements.

Use of Projections and Description of Key Partnerships

This presentation contains projected financial information with respect to CarLotz. Such projected financial information constitutes forward-looking information, is included for illustrative purposes only and should not be relied upon as necessarily being indicative of future results. The assumptions and estimates underlying such projected financial information are inherently uncertain and are subject to a wide variety of significant business, economic, competitive and other risks and uncertainties that could cause actual results to differ materially from those contained in the forward-looking financial information. Actual results may differ materially from the results contemplated by the projected financial information contained in this presentation, and the inclusion of such information in this presentation should not be regarded as a representation by any person that the results reflected in such projections will be achieved.

The independent auditors of Acamar Partners and of CarLotz did not audit, review, compile or perform any procedures with respect to the projections for the purpose of their inclusion in this presentation, and accordingly, neither of them expressed an opinion or provided any other form of assurance with respect thereto for the purpose of this presentation.

Financial Information; Non-GAAP Financial Measures

The financial information and data contained in this presentation has not been audited and does not conform to Regulation S-X. Accordingly, such information and data may not be included in, may be adjusted in or may be presented differently in, any proxy statement, registration statement or prospectus to be filed by Acamar Partners with the SEC. Some of the financial information and data contained in this presentation, such as EBITDA and EBITDA margin, have not been prepared in accordance with United States generally accepted accounting principles (“GAAP”). EBITDA is defined as net earnings (loss) before interest expense, income tax expense (benefit), depreciation and amortization. Acamar Partners and CarLotz believe these non-GAAP measures of financial results provide useful information to management and investors regarding certain financial and business trends relating to CarLotz’ financial condition and results of operations. Acamar Partners and CarLotz believe that the use of these non-GAAP financial measures provides an additional tool for investors to use in evaluating projected operating results and trends in and in comparing CarLotz’ financial measures with other similar companies, many of which present similar non-GAAP financial measures to investors. Management does not consider these non-GAAP measures in isolation or as an alternative to financial measures determined in accordance with GAAP. The principal limitation of these non-GAAP financial measures is that they exclude significant expenses and income that are required by GAAP to be recorded in CarLotz’ financial statements. In addition, they are subject to inherent limitations as they reflect the exercise of judgments by management about which expense and income are excluded or included in determining these non-GAAP financial measures. In order to compensate for these limitations, management presents non-GAAP financial measures in connection with GAAP results. CarLotz is not providing a reconciliation of projected EBITDA for full years 2020-2023 to the most directly comparable measure prepared in accordance with GAAP because CarLotz is unable to provide this reconciliation without unreasonable effort due to the uncertainty and inherent difficulty of predicting the occurrence, the financial impact and the periods in which the adjustments may be recognized. For the same reasons, CarLotz is unable to address the probable significance of the unavailable information, which could be material to future results. You should review CarLotz’ audited financial statements which will be included in the Registration Statement relating to the proposed business combination. In addition, all CarLotz historical financial information included herein is preliminary and subject to change.

Additional Information About the Proposed Business Combination and Where To Find It

This communication is being made in respect of the proposed merger transaction involving Acamar Partners and CarLotz. Acamar Partners has filed a registration statement on Form S-4 with the Securities and Exchange Commission (the “SEC”), which includes a preliminary proxy statement of Acamar Partners, a preliminary prospectus of Acamar Partners and a preliminary consent solicitation statement of CarLotz, and will file other documents with the SEC regarding the proposed transaction. A definitive proxy statement/prospectus/consent solicitation statement will also be sent to the stockholders of Acamar Partners and CarLotz, seeking any required stockholder approval. Before making any voting or investment decision, investors and security holders of Acamar Partners and CarLotz are urged to carefully read the entire registration statement and proxy statement/prospectus/consent solicitation statement, when they become available, and any other relevant documents filed with the SEC, as well as any amendments or supplements to these documents, because they will contain important information about the proposed transaction. The documents filed by Acamar Partners with the SEC may be obtained free of charge at the SEC’s website at www.sec.gov. In addition, the documents filed by Acamar Partners may be obtained free of charge from Acamar Partners at www.acamarpartners.com. Alternatively, these documents, when available, can be obtained free of charge from Acamar Partners upon written request to Acamar Partners Acquisition Corp., 1450 Brickell Avenue, Suite 2130, Miami, Florida 33131, or by calling 786-264-6680.

INVESTING IN ANY SECURITIES DESCRIBED HEREIN HAS NOT BEEN APPROVED OR DISAPPROVED BY THE SEC OR ANY OTHER REGULATORY AUTHORITY NOR HAS ANY AUTHORITY PASSED UPON OR ENDORSED THE MERITS OF THE OFFERING OR THE ACCURACY OR ADEQUACY OF THE INFORMATION CONTAINED HEREIN. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

Participants in the Solicitation

Acamar Partners, CarLotz and certain of their respective directors, executive officers and other members of management and employees may, under SEC rules, be deemed to be participants in the solicitations of proxies from Acamar Partners’ stockholders in connection with the proposed business combination. Information regarding the persons who may, under SEC rules, be deemed participants in the solicitation of Acamar Partners’ stockholders in connection with the proposed business combination will be set forth in Acamar Partners’ proxy statement / prospectus when it is filed with the SEC. You can find more information about Acamar Partners’ directors and executive officers in Acamar Partners’ annual report on Form 10-K filed with the SEC on March 27, 2020. Additional information regarding the participants in the proxy solicitation and a description of their direct and indirect interests will be included in Acamar Partners’ proxy statement / prospectus when it becomes available. Stockholders, potential investors and other interested persons should read the proxy statement / prospectus carefully when it becomes available before making any voting or investment decisions. You may obtain free copies of these documents from the sources indicated above.

No Offer or Solicitation

This presentation does not constitute an offer to sell or the solicitation of an offer to buy any securities, or a solicitation of any vote or approval, nor shall there be any sale of securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such jurisdiction.

DISCUSSION TOPICS

1 Q3 2020 REPORTED RESULTS

- Record Q3 results, with revenue and gross profit ahead of plan
- Significant year-over-year boost in key KPI's and financials
- Demonstrated resilience against backdrop of slower Q3 inventories

2 INVENTORY & SALES UPDATE

- Specific actions boosted sourcing & led to record Q4 inventories
- Accelerated penetration of a strategic sourcing partner
- Sourcing momentum ahead of plan and supportive of 2021 expansion

3 Q4 & FULL YEAR 2020 OUTLOOK

- We expect Q4 to beat previous guidance on retail unit sales, revenue, gross profit \$ and contribution margin \$ (including marketing)
- Inventory surge impact on GPU will be mitigated as hub footprint and processing center capacity expands

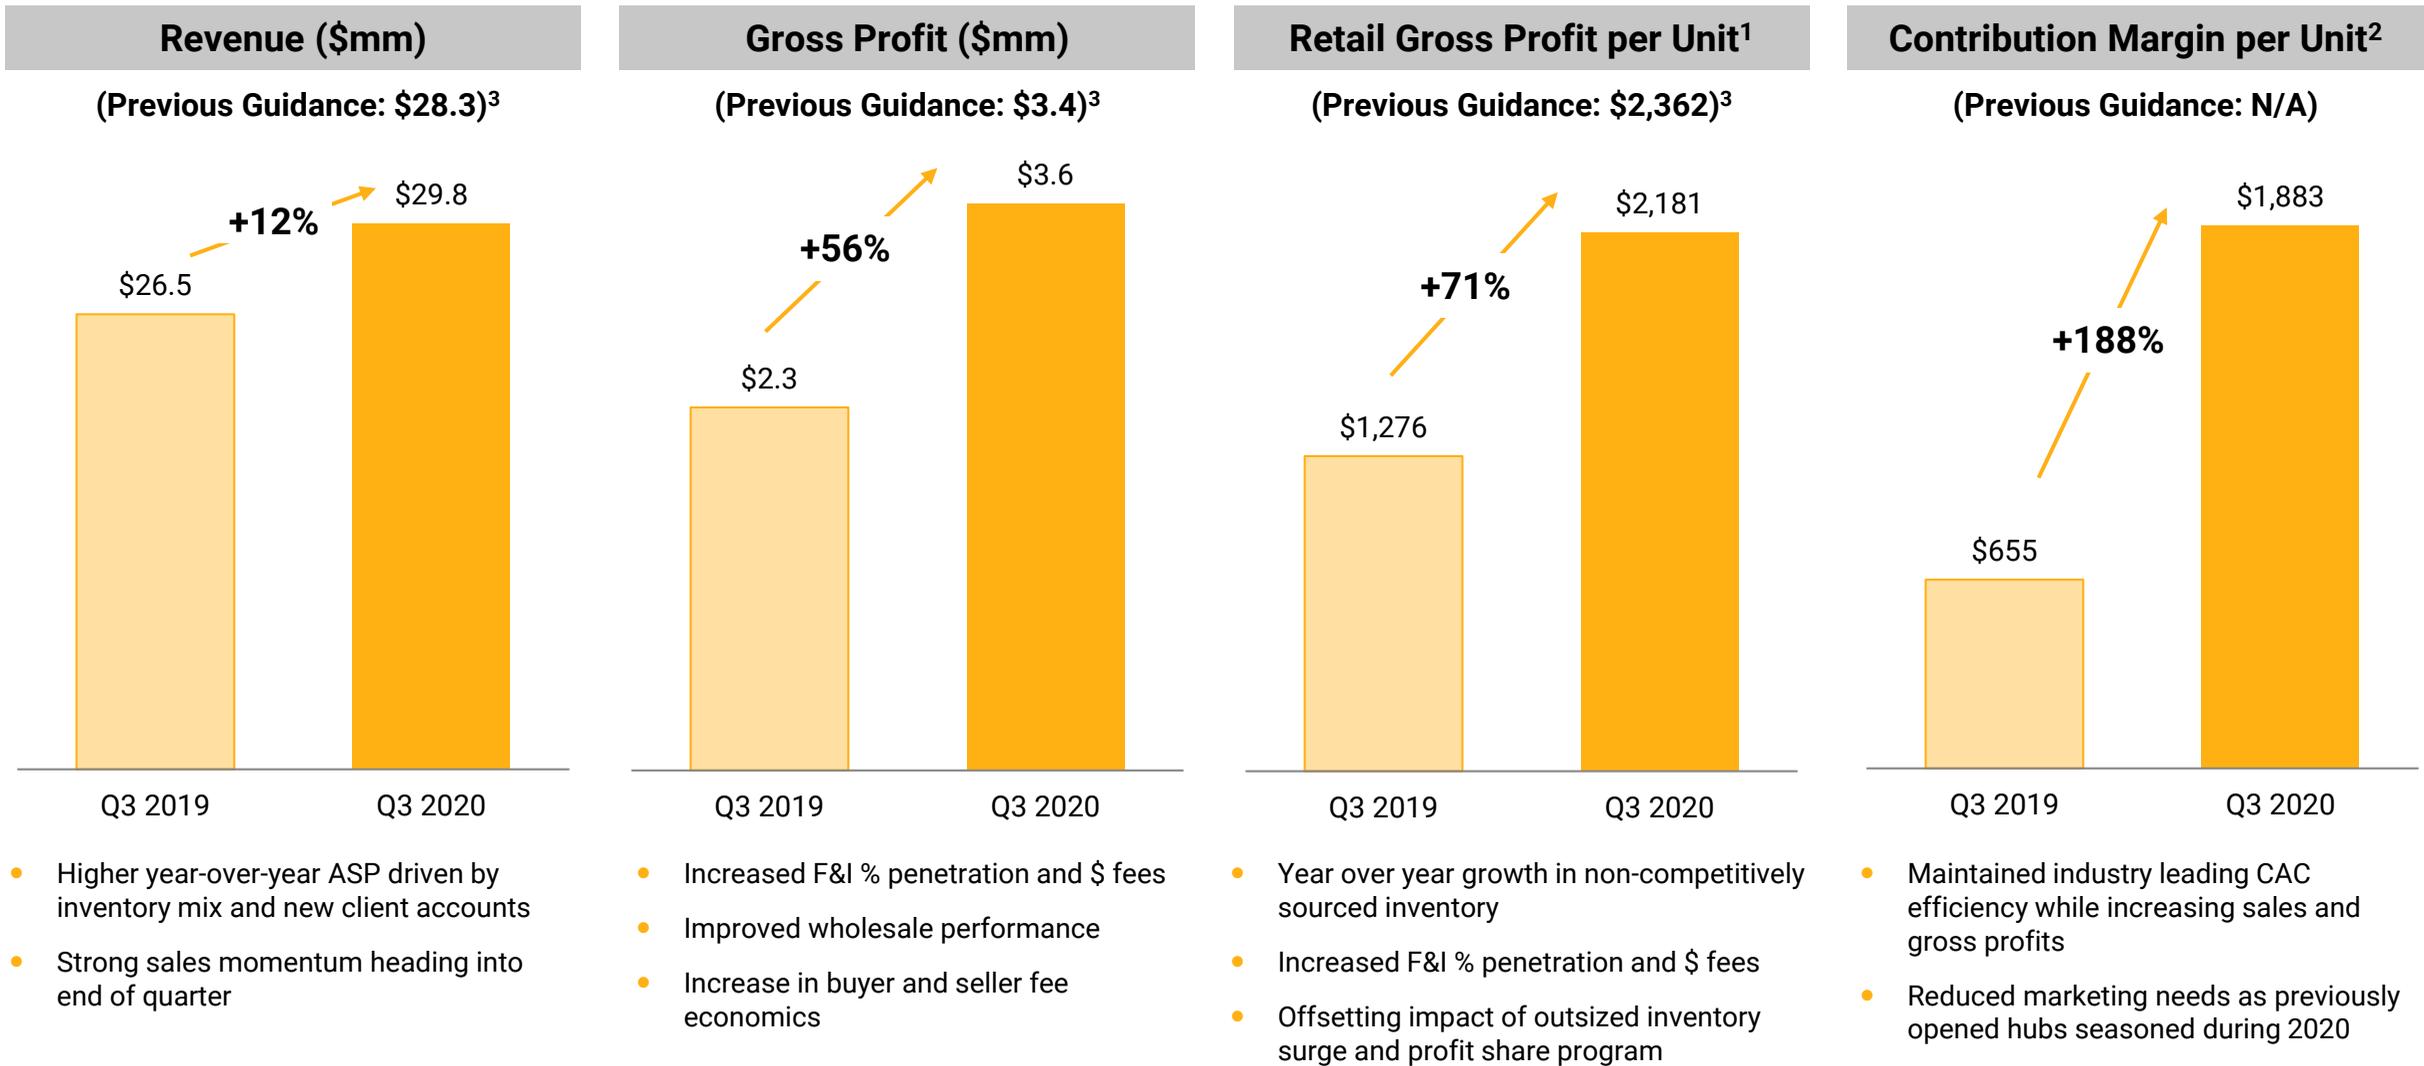

4 CONFIDENCE IN STRATEGIC PLAN

- Tracking significant progress against hub rollouts, executive hires, expansion of broader team and public company board / governance
- Reiterating our guidance for 2021 and beyond
- On track to close merger with Acamar Partners in early Q1

1 RECORD Q3 2020 REPORTED RESULTS

Record performance despite COVID impact on inventory sourcing throughout the year and no new hubs opened year over year

Drivers of Inventory Surge

- Accelerated intake from a rapidly growing strategic national account
 - Proved our ability to scale with a strategic national partner
 - Fee and profit sharing program that delivered comparable economics to fee-only commercial accounts in Q2 & Q3 2020
- In Q3, we temporarily increased dealer inventory by sourcing from commercial accounts selectively
 - We have returned to historical non-competitively sourced mix in Q4

¹ implied based on Q4 outlook retail units range compared to October and November actuals.
